***Indiana University South Bend***

**Award Archive**

The items listed here are intended to provide an overall sense of how the full-time faculty in the College of Liberal Arts and Sciences have responded to the teaching, service, and research mission of IUSB. Unlike the annual report compilations, for most categories this archive includes retired and other faculty who are no longer IUSB CLAS faculty members. An addition here that is not included in the annual reports is an annual list of Arts & Sciences Distinguished Alumni.

\* Beginning in 2004, the University Graduate School and the Graduate Council adopted new policies regarding the granting of graduate faculty status. According to this policy all tenure track faculty are granted graduate faculty status at the time of appointment. Graduate faculty status allows faculty to serve on doctoral dissertation committees; full graduate faculty status indicates an endorsement to chair doctoral committees.
